WIFI Instructions

For Lake Arrowhead Campground

Best Choice for General Use

Connect to: V5 Free Wifi

There is no password

TVs, WIFI Calls, or Zoom Calls

Connect to: TV East

(Or TV Central or TV Woods, etc. Whichever "TV" network has the most bars)

For streaming on a television, or if you plan to try to do a zoom meeting or a wifi call, we recommend you use whichever "TV" network with the most bars. For example, "TV East" or "TV Central", etc. These networks are optimized for **streaming in a fixed location**, but if you move around connected to these networks you may have dropouts. There is no password.

Second Choice

If you can't see V5 Free Wifi (some phones and laptops don't have V5 radios built into them)

Connect to: V4 Free Wifi

There is no password. This network uses older technology which all wifi devices can connect to, but will get overloaded very quickly with only a few devices connected.
